4. The story in a nutshell (in brief)

2 bad boys lit a fire so they could cook a wombat to eat.

The boys went looking for the slow fat wombat.

A strong wind came blowing and their fire spread.

The boys' fire started a bushfire.

The bushfire spread quickly and the animals had no time to run away.

The animals warned each other about the bushfire.

Bilby had a great idea: 'Lets dig a big hole and hide in it until the fire passes over!'

Wombat and Emu helped Bilby to dig a hole and all the animals were safe inside.

The boys smelt the fire and jumped into a creek.

The boys did not realize that there was a crocodile in the creek...
